SHORE LINE MEETS

N. F. A. THIS AFTERNOON

For the second time this season the Shore Line Electrics will appear on the Academy campus. The high school boys gave them a bad beating when they first met and they expect to have little trouble today.

It is expected that either Grabelefsky or Keenan will twirl for the red and white, while Nichols will lob them up for the carmen.

Coach McKay box the boys in the high of condition and he drove them hard vesterday afternoon assisted by Ed Murray, former Academy star.

The boys will be kept busy this week with games toduy. Priday and Saturday. The Saturday game is with the fast Webster team, considered one of the fastest high school nines in the fast to the fastest high school nines in the state.

MARKET WAS UNCERTAIN. New York, May 20.—Dealings in stocks during the early period of today's session were relatively dull with uncertain price tendencies, but the en-tire market trengthened later, fresh buying being stimulated by the president's message to congress.

That document, by general consent exceeded the most sanguine expecta-tions of conservative interests as well as the speculative element, especially the recommendations dealing with the early restoration of the railroads and utilities to private ownership. Other features which met with equally favorable interpretation in-cluded the suggestion for a partial repeal of war time prohibition, abolitith of the tax on retail sales and pro-tection by tariff of chemical indus-

tries. Shippings and oils provided the motive power at the opening, Barine com-mon and preferred, American International, Royal Dutch and Mexican Pe-troleum gaining one to two points, with several of the standard rails.

Marines soon reacted on unfounded rumors reporting delay in the consummation of the deal with British interests and oils and rails fell back one to three points, the reversal suggesting bear presure, rather than prof-if taking.

In the broader movement of the final

hour interest converged around mi-nor rails, especially Texas and Pacific motor specialties, such utilities as Philadelphia Company and Ohio Cities Gas, the latter rising six points and minor metals, notably United Allow Steel, that stock advancing 2 1-2

points.
U. S. Steel also made its best price of 103 1-4 later, but that moderate improvement was cancelled, despite the higher levels reached by equip-ments, notably American and Baldwin Locomotives. Sales amounted to 1.-25.000 shares.

The general bond market was firm, Liberty and International issues, particularly French municipals, showing strength. Total sales par value ways strength. Total sales, par value, were \$13,775,000. Old U. S. bonds were un-
